

In re David R. Cheriton, Application No. 09/981,125
Amendment B

Amendments to the Specification:

4
9/13
Please replace the paragraph beginning on page ¹³9, line ²⁷9, with the following amended paragraph:

As used herein and contemplated by the invention, computer-readable medium is not limited to memory and storage devices; rather computer-readable medium is an extensible term describing memory, storage device, and/or other storage mechanism that can be used to tangibly embody computer-executable instructions or data, including other storage and signaling mechanisms including interfaces and devices such as network interface cards and buffers therein, as well as any communications devices and signals received and transmitted, and other current and evolving technologies that a computerized system can interpret, receive, and/or transmit.
